

Thank you for choosing A Lebro Center for Well Being for your care.

If you are unable to keep your appointment, please call us at (207)439-7246 at least 48 hours prior to your appointment to avoid a fee.

Your fee for the initial consultation is \$99 in addition to any whole food nutritional supplementation that may be recommended to address your specific nutritional weaknesses. Your evaluation will take approximately 45 minutes to an hour. This allows for the evaluation, testing, and any questions or concerns you may have. Nutrition Response Testing relies on the flow of your body's energy. Please refrain from using scented products when you visit our office as many of our clients are dealing with chemical or respiratory challenges. Dr. Lebro recommends that you don't wear dark clothing as this may interfere with testing. Be sure you bring the following to your appointment:

- ✓ Client information forms
- ✓ Bloodwork
- ✓ Prescription medications (actual bottles of medications, not a list)
- ✓ Supplements, vitamins, protein powders, etc. that you are currently taking (actual products)

Upon completion of your initial consultation, Dr. Lebro will customize an individual wellness program tailored to your needs. When you commit to seeing Dr. Lebro for your care, it is vital to your success that you follow the recommended regime. Our purpose is to get you well. We aim to heal your body fully, and this takes time and commitment from Dr. Lebro and you as the patient. ***Failure to comply with your recommended wellness program may result in dismissal.***

We look forward to meeting you and working with you. If you would like more information on our center, please visit our website at www.alebrocenter.com or contact our office at (207)439-7246.
